

# **LORI MILLER, 44**

**June 10, 2007 – Omaha, NE**

Lori Miller was strangled to death by her husband with a zip tie inside their home. Chuck Miller wrote a suicide note and then took his own life (gunshot wound) after killing Lori.

Lori's son and mother-in-law were asleep inside the house when Lori was killed. Her mother-in-law eventually found Miller's suicide note. Lori and Chuck were in the process of getting a divorce. Boxes were packed and their house had already sold. Chuck Miller had previously spent time in an Ohio jail for domestic violence in 1998 and 2001.
